

Sending files to my teacher (via SMHW)

NOTE: You can only send files to teachers via show my homework if they have allowed online submission when they have set the task.

Step 1

Log into your show my homework account and click on the task you are handing work in for.

Step 2

If the teacher has allowed online submission, you will see a “Submit” option at the top of the task next to the “Description” and “Results” buttons. Click this button.

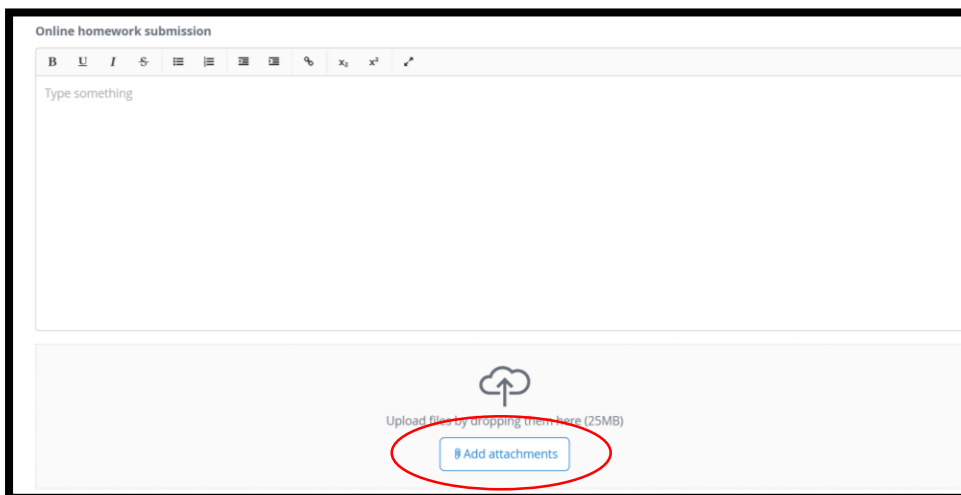

Step 3

You can now either:

- Type your work into the box.
- Copy and paste your work into the box.
- Upload your work as a file.
- Upload a photo of your work.

To add a file/photo to your work, this file/photo must be saved onto your device. You should then click the “Add attachments” button.

You can now click “Computer” and find the file/files you want to attach. If you are attaching more than one file, it is easier to attach each file one by one following step 3.

Step 4

To submit your work you must click the green button at the bottom.

If you have any further issues submitting work via SMHW, please email your teacher for more advice.
